pdf - A vampire is a being
from folklore that subsists
by feeding on the vital force
(generally in the form of
blood) of the living. In
European folklore,
vampires were undead
beings that often visited
loved ones and caused
mischief or deaths in the
neighbourhoods they
inhabited when they were
alive. Vampire - Wikipedia
- Vampire films have been
a staple since the era of
silent films, so much so that
the depiction of vampires in
popular culture is strongly
based upon their depiction
in films throughout the
years. Vampire films -
